# iSolved | Mobile

Keep your employees moving with a smart mobile solution.

iSolved Mobile is the solution for employees who are on-the-go. With a simple, easy-to-use interface that is immediately familiar to all smart phone users, employees can clock in wherever they are.

Employees can clock in individually, or crew leaders can clock in an entire group of employees. Either way, there is no need to worry about being out of cell service - iSolved Mobile offers true offline capability.

iSolved Mobile Features:

- Mobile time punch
- Track GPS coordinates
- Quick punch
- True offline operation
- Group time punch
- View paystub details

More features coming soon!

When using the Mobile app along with iSolved HCM, your employees will soon be able to:

- Change withholdings
- View PTO balances

Requirements
TimeForce II, v3.11.11 or higher **OR** iSolved TimeForce 4.0
